

K-20 Education Pipeline Bibliography

Prepared for the Blackboard Institute

by THE THIRD MILE GROUP

DRAFT

The Third Mile Group has compiled the following information to assist the Blackboard Institute in the development of its new Pipeline Matters project. This information will contribute to the Institute's goal of producing a research and organizational bibliography and eventually a Wiki tool for organizations, states and the general public. The research cited in the bibliography will help the Institute's stakeholders create a common understanding and language on the issues students face in navigating the public education system. This bibliography is not intended to be exhaustive, but rather is the first step in identifying a comprehensive set of resources and materials that support this work. Please submit any additional entries to: Garen Singer at Garen.Singer@blackboard.com.
